

Choosing the right size PersonalFit™ breastshield:

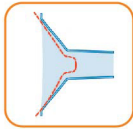

- 1. Determine the size you're currently using. If you're not sure, look for the size embossed on your breastshield.
- 2. While pumping, compare your fit to the images below as a sizing guideline.

Correct fit

Your breastshield is **too small**;
try a larger size

Your breastshield is **too large**;
try a smaller size

21 mm

24 mm

27 mm

30 mm

36 mm
